Map Requirement

25X1A8a

1. Consultations between [redacted] and D/GC/RR have resulted in an agreement to request ACIC to prepare a small addition to one of the special maps currently under construction, as follows:

A one degree (1° longitude) strip on the west edge of area "C".

2. As this particular map as originally ordered is scheduled for delivery on 1 April 1960, it will require, upon completion of the addition, a reprinting in quantities similar to the original request.

3. ACIC has informally agreed to honor this addition to the original requirement. It is suggested that publication of the revised sheet "C" follow the completion of sheets "D" and "E".
